

Средства разработки JetBrains

Для того, чтобы получить лицензию с помощью университетской почты необходимо:

1. Перейдите на сайт компании JetBrains www.jetbrains.com/student/ и нажмите кнопку Apply Now.

The screenshot shows the top navigation bar of the JetBrains website with links for Tools, Languages, Solutions, Support, Company, and Store. Below the navigation bar, the page title is "Free individual licenses for students and faculty members" with a language dropdown menu set to "English". The main content area contains a paragraph explaining that students should have access to high-quality education and that JetBrains provides professional developer tools for free. It then asks "Who can apply?" and lists criteria: accredited educational institutions, enrollment in a full-time program. A link to FAQs is provided. The section "How do I apply?" describes two methods: using an official institutional email address or a student/teacher card. A prominent blue "APPLY NOW" button is highlighted with a red border.

2. На появившейся странице выберите способ подтверждения по почте и укажите свою университетскую почту.
